

Product Change Notification

Document number: RVD002-77

REV NO.	REV. DATE	CONTENTS	REMARKS
1.0	2023-07-13	First Release	

Notification

This notice is to inform our customers of PCN to RVA-SWD-06M-C100.

We have updated design of RVA-SWD-06M-C100 because current design is only compatible with ST-LINK /V2 and V3 , not fully compatible with ST-LINK /V2-ISOL.

To make it compatible with all types of programmers, the 3rd pin of Molex connector is connected with 12th pin of IDC connector, instead of 8th pin.

All other parameters of the cable remain the same.

Cable PN is updated to RVA-SWD-06M-C100 V2.

RVA-SWD-06M-C100 V2 will be available from 2023.07.24. Also, any order of Riverdi STM32 10.1" , 7.0" , 5.0" series products in single package will include RVA-SWD-06M-C100 V2.
